

VERENIGING SOEFI-CONTACT

'As soon as a man begins to regard the pleasure or displeasure of God in the feeling of every person he meets, he cannot but become most refined, whatever his situation in life. He may live in a cottage, but his manner will surpass the manner of palaces.'

- Hazrat Inayat Khan

The Art of Personality

Sufi three-day retreat

Universel Murad Hassil, Katwijk aan Zee, The Netherlands, 20 to 22 October 2023

'Furthermore, once a man has begun to judge his own actions, fairness will develop in his nature, and everything he does will be just and fair; he does not need much study of outer conventionalities.'

- Hazrat Inayat Khan

Hazrat Inayat Khan led a Summer School in Suresnes in 1923 in which he shared with his students timeless insights and inspirations around three central themes in Sufism, namely: the journey of the soul, character building and the art of personality.

100 years later, we want to focus on the latter theme:

The Art of Personality

Inspired by lectures by Hazrat Inayat Khan, we will explore what this art is and what it means for mureeds in both inner and outer life.

These are deepening days of silence and sharing, of casual togetherness, of being outside in nature, of music and movement.

This three-day retreat is bilingual (Dutch and English) and takes place in the Sufi temple Murad Hassil in Katwijk aan Zee, The Netherlands. In Katwijk there are many accommodation options, please consult the tourist office:
