

Dear friends,

we invite you to the Dances of Universal Peace with Arienne and Wali van der Zwan on 13-15 October 2023 in Železnice u Jičína

Arienne and Wali are coming to the Czech Republic again after two years to share with us sacred circle dances, music, chanting mantras of the world's major traditions and to share their insight in the spiritual path.

Arienne and Wali are international teachers of the Dances of Universal Peace and guides on the Sufi path. They are originally from the Netherlands, but have lived for years in the German countryside, where they have created a unique spiritual center. They have been leading the dances for over thirty years. Their style reflects their commitment to the spiritual path, their long experience and the harmony of a couple in which male and female energies are combined. It reflects the power of inner insight, energy and beauty, depth and joy, and the ability to create a personal inner journey for all participants.

The workshop begins on Friday at 6 pm with dinner and ends on Sunday at 1 pm with lunch. It will take place in the meditation centre in the former spa town of Železnice near Jičín, 100 kms from Prague.

The price is CZK 3 300 (€ 140). This includes the full program plus accommodation, vegetarian meals (breakfast, lunch, dinner and small treats during the day) and English interpretation.

The capacity of the dance room and accommodation is limited to 20 participants. We will confirm your reservation after sending your own short email registration (there is no form) and a deposit of 1.000,- CZK (€ 50) to the account number 670100-2222540503/6210. Registrants will receive more practical information.
